INDIAN DANISH CHAMBER OF COMMERCE

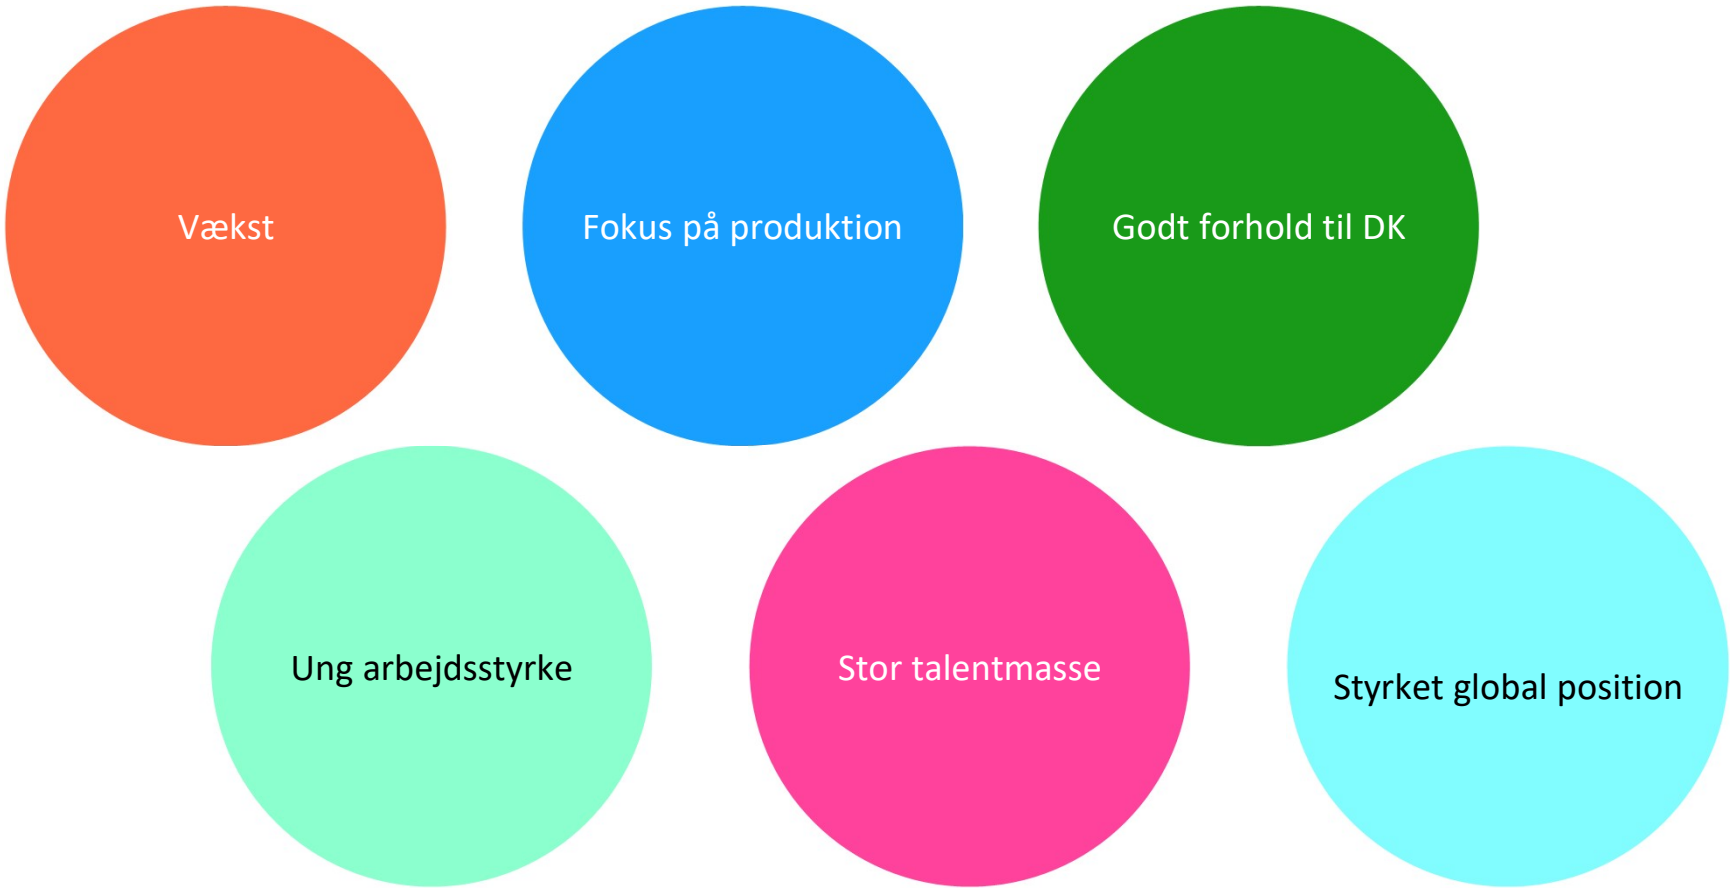
INDUSTRIENS FOND

NSi NEXT STEP INDIA

Next Step India er et initiativ fra IDCC, Indian-Danish Chamber of Commerce, i samarbejde med Industriens Fond.

Projektet skal hjælpe flere SMV'er til Indien – og vi bistår indiske delegationer til Danmark.

Indien har:



Vækst
Fokus på produktion
Godt forhold til DK
Ung arbejdsstyrke
Stor talentmasse
Styrket global position

Indien er verdens femtestørste økonomi – der inden for de næste par år overhaler Japan som verdens tredjestørste.

Den indiske økonomi vokser med ca. 6,5% årligt.

NEHRU URGES REVIVAL OF SWADESHI MOVEMENT

Export Of Quality Goods Stressed

FOUNDATION OF I.S.I. BUILDING LAID

[BY OUR SPECIAL CORRESPONDENT]

NEW DELHI, Saturday.

THE Prime Minister appealed today to the nation to revive the Swadeshi movement. He was laying the foundation-stone of a building for the Indian Standards Institution.

The I.S.I., which has a staff of 21 technical officers and 123 other staff, lacks suitable accommodation at present.

The proposed building project, expected to cost about Rs 10 lakhs, has been made possible by the Central Government placing at the disposal 1.6 acres of land at a central site near Hardinge Bridge, New Delhi, for a nominal payment of Rs 10,000, as against the site's market value of Rs 4 lakhs.

The building, including essential services and equipment, is likely to cost about Rs 10 lakhs. Contributions for industry, trade and State Governments are expected to provide the necessary finance.

Early Hearing Of Petition

Lohia's Letter To Counsel

ALLAHABAD, Aug. 21.—Dr Lohia, who is now in the State Central Jail, near here, has sent a letter to his counsel asking him to represent to the Chief Justice that his habeas corpus application, which has been referred to a third judge, should be heard immediately.

If that was not possible, his counsel should withdraw his petition from the High Court and move it direct in the Supreme Court in order to get expeditious relief.

Dr Lohia, who has resigned from the general secretaryship and also from the membership of the National executive of the Praja-Socialist Party, in his letter of resignation to Acharya Kripalani, Chairman, said that ever since his arrest and due to the consequent absence from the post he had often thought of resignation.

Dr Lohia stated that on August 12 last he had sent a telegram to the Travancore-Cochin Chief Minister recommending suspension of officers responsible for the firing incident in T.-C. and institution of a non-official inquiry into the incident. He had also recommended resignation of the Government.

Dr Lohia regretted that instead of giving effect to his recommendation the T.-C. Chief Minister had made a public reply after visiting the area where the incident occurred, saying it was necessary to "meet views of sweets in exercise of force and leniency and that his police had done that."

Dr Lohia said the first sacred Government in India but "we have well to make use of such meetings and dangerous generalisations about force and leniency. Tyranny

Dulles's Message To French Premier

BID TO SAVE E.D.C. CONFERENCE

"Observer" Service

BRUSSELS, Aug. 21.

M MENDES-FRANCE, who has failed to obtain in the E.D.C. treaty the basic revisions which he came here to seek, has received a personal appeal from Mr Dulles.

The U.S. Secretary of State has urged him to accept a compromise rather than allow the conference to collapse and with it the whole concept of a united Europe.

The message, it is understood from French circles, pleads rather than threatens, but contains an implicit reminder that the "agonising reappraisal" of policies which a breakdown would provoke cry be as disagreeable to the French as to the Americans.

The appeal was delivered to the French Embassy where M Mendes-France is staying by a member of the staff of Mr David Bruce, American special Ambassador in Europe. Mr Bruce himself arrived here last night.

Experts of the Ministers have spent the whole day redrafting and co-ordinating various projects for modifying the treaty, all designed to make it more palatable to the present French Government without compelling the other participating countries to seek renewed ratification from their national parliaments. Whatever emerges from
